

Squash New Zealand IT Platform
Interclub Module
Results Entry Manual

Updated 26 April 2010

1. Introduction

This manual forms part of the support provided to the Squash New Zealand IT Platform and focuses on the Interclub Module and the Results Entry function. It is designed as a step by step guide to the use of the system and will be updated as further enhancements to the system are made.

The interclub module enables districts to run events online allowing:

1. Entries to be received online.
2. Entries to be collated and exported.
3. A draw to be imported.
4. Draws, ladders and results to be viewed online.
5. Results to be added online.
6. Results to be linked directly to the grading list.
7. Ladders to be updated automatically online.

2. Result Entry

In all cases the rules of the event will dictate the requirements of team entry and terms of playing order and scoring and all additions/changes to teams must be done through the event manager.

- Access to result entry is limited to the nominated team captain and committee members with club access rights.
- Under your login click on the Interclub tab on the left menu bar.

- Select the event that you wish to view
