78	I'd like to see more meaningful planned engagement with the district and a clear picture (with some goals) for the future. What are we hoping to achieve and how do we plan on getting there. And how do the clubs fit into that picture and what do they need to do to get us there. I think SW missed out on an engagement opportunity with the SGM for the Masters. And I'd like to see SW putting the district first. In the past 12 months there have been multiple instances where there hasn't been support for squash initiatives from the national body. There needs to be more accountability for failure to perform.	11/1/2020 10:38 PM

94	I am not too sure what SW does to Tawa Squash club	11/1/2020 9:13 PM

95	I think you should think about the format of interclub - it ends up being quite a late night and often involves a lot of travel which you can't do if you have work/family commitments. Petrol cost/food costs could also be a barrier for interclub participation. It would be great to have more mixed masters format in autumn/spring interclub for all grades. More promotion for masters squash at all levels. I think there could be more done to connect people across clubs so those clubs that don't have sufficient players for inter club or super champs can look at how they can field teams.	11/1/2020 9:13 PM
96	Make inter club not such a late night	11/1/2020 9:12 PM
